### **BUDGET MESSAGE 2023 BUDGET**

#### **INTRODUCTION**

The budget reflects the projected spending plan for the 2023 fiscal year based upon available revenues. This budget provides for the general operations of the District with no anticipation of the issuance of debt or capital projects.

#### **SERVICES PROVIDED**

Through its Service Plan, the District is authorized to finance certain streets, street lighting, traffic and safety controls, water, sanitary sewer, landscaping, storm drainage, mosquito control and park and recreation improvements.

#### **REVENUE**

The primary source of funds for 2023 is property tax revenue.

#### **EXPENDITURES**

Administrative expenses are anticipated for engineering, accounting, legal services, administrative and insurance.

#### **FUNDS AVAILABLE**

The District's budget exists from advances from the developer.

#### **ACCOUNTING METHOD**

The District uses funds to budget and report on the financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions. The various funds determine the total District budget. All of the District's funds are considered Governmental Funds and are reported using the current financial resources and the modified accrual basis of accounting. Revenues are recognized when they are measurable and available. Revenues are considered available when they are collectible within the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures, other than the interest on long term obligations, are recorded when the liability is incurred or the long-term obligation paid.
